SISALATION™ PRODUCT SPECIFIER

Sisalation Type	Product Recommended Uses	Classification (to AS/NZS4200.1)	How to Specify
SISALATION 430 Reflective Foil Laminate	Insulation, Weatherproofing and Condensation Control - where better than average resistance to puncture and tearing is required.	Medium Duty	"Vapour Barrier/Facing shall be <i>SISALATION 430</i> Double Sided Medium Duty Foil Laminate."
SISALATION 433 Reflective Foil Laminate - Anti-Glare		Medium Duty Complies with AS/NZ4859.1	"Vapour Barrier/Sarking shall be <i>SISALATION 433</i> Double Sided Medium Duty Anti-Glare Foil Laminate."
SISALATION 436 Reflective Foil Laminate	Insulation, Weatherproofing and Condensation Control.	Light Duty	"Vapour Barrier/Facing shall be <i>SISALATION 436</i> Double Sided Light Duty Foil Laminate."
GLADIATOR™ Reflective Foil Laminate - Anti-Glare	Insulation, Weatherproofing and Condensation Control.	Extra Heavy Duty Complies with AS/NZ4859.1	"Vapour Barrier shall be <i>GLADIATOR</i> Extra Heavy Duty Anti-Glare Wall Wrap."
GLADIATOR BREATHER Reflective Foil Laminate - Anti-Glare Breather Foil	Insulation, Weatherproofing and Condensation Control.	Extra Heavy Duty Complies with AS/NZ4859.1	"Vapour Barrier shall be <i>GLADIATOR BREATHER</i> Extra Heavy Duty Perforated Anti-Glare Wall Wrap."
SISALATION 437 Reflective Foil Laminate - White Faced	Insulation, Weatherproofing and Condensation Control where a decorative finish is required.	Medium Duty	"Vapour Barrier/Facing shall be <i>SISALATION 437</i> Double Sided Medium Duty White Faced Foil Laminate."
SISALATION 437P Reflective Foil Laminate - White Faced, Perforated	Protective Facing, Weatherproofing and Reverberation (Sound) Control.	Medium Duty	"Facing shall be <i>SISALATION 437P</i> Double Sided Medium Duty White Faced Perforated Foil Laminate."
SISALATION 438 Reflective Foil Laminate - Anti-Glare	Insulation, Weatherproofing and Condensation Control.	Light Duty Complies with AS/NZ4859.1	"Vapour Barrier/Sarking shall be <i>SISALATION 438</i> Double Sided Light Duty Anti-Glare Foil Laminate."
SISALATION 439 Reflective Foil Laminate - Anti-Glare	Insulation, Weatherproofing and Condensation Control.	Light Duty Complies with AS/NZ4859.1	"Vapour Barrier/Sarking shall be <i>SISALATION 439</i> Double Sided Light Duty Anti-Glare Foil Laminate."
SISALATION 440 Reflective Foil Laminate - Anti-Glare, White Faced	Insulation, Weatherproofing and Condensation Control.	Medium Duty	"Sarking shall be <i>SISALATION 440</i> Double Sided Medium Duty Anti-Glare White Faced Foil Laminate."
SISALATION 450 Reflective Foil Laminate	Insulation, Weatherproofing and Condensation Control.	Extra Heavy Duty	"Vapour Barrier/Facing shall be <i>SISALATION 450</i> Double Sided Extra Heavy Duty Foil Laminate."
SISALATION 453 Reflective Foil Laminate - Anti Glare		Extra Heavy Duty Complies with AS/NZ4859.1	"Sarking shall be <i>SISALATION 453</i> Double Sided Extra Heavy Duty Anti-Glare Foil Laminate."
SISALATION 450P Reflective Foil Laminate - Perforated	Protective Facing, Weatherproofing and Reverberation (Sound) Control.	Extra Heavy Duty	"Facing shall be <i>SISALATION 450P</i> Double Sided Extra Heavy Duty Perforated Foil Laminate."
SISALATION 466 Reflective Foil Laminate - Anti Glare	Insulation, Weatherproofing and Condensation Control especially in coastal areas.	Heavy Duty Complies with AS/NZ4859.1	"Sarking shall be <i>SISALATION 466</i> Heavy Duty Anti-Glare Foil Laminate."
SISALATION 484 Reflective Foil Laminate - Anti Glare	Insulation, Weatherproofing and Condensation Control especially in coastal areas.	Extra Heavy Duty Complies with AS/NZ4859.1	"Sarking shall be <i>SISALATION 484</i> Extra Heavy Duty Anti-Glare Foil Laminate."
SISALATION 499 Reflective Foil Laminate - Anti-Glare, Breather Foil	Insulation, Weatherproofing and Condensation Control.	Light Duty Complies with AS/NZ4859.1	"Wall Wrap shall be <i>SISALATION 499</i> Double Sided Light Duty Anti-Glare Perforated Foil Laminate."
PROGUARD™ Reflective Foil Laminate - Anti-Glare, Fall Arrest	Protective Facing, Insulation, Weatherproofing, Condensation Control and Fall Arrest.	Extra Heavy Duty Complies with AS/NZ4859.1	"Sarking shall be <i>PROGUARD</i> Extra Heavy Duty Fall Arrest, Anti-Glare Foil Laminate."
PROGUARD PLUS™ Reflective Foil Laminate - Anti-Glare, Fall Arrest, Hail Resistant	Protective Facing, Insulation, Weatherproofing, Condensation Control, Fall Arrest and Hail Protection.	Extra Heavy Duty Complies with AS/NZ4859.1	"Sarking shall be <i>PROGUARD PLUS</i> Extra Heavy Duty Fall Arrest Hail Resistant Anti-Glare Foil Laminate."
